

## 2024 Sponsorship Prospectus

# (about us)

IN/Clojure is India's annual Clojure conference. Asia's first.

Over the years, the conference has served as a platform to kickstart a series of Clojure workshops and meet-ups across the country. It has helped attendees make a strong case for Clojure, and ClojureScript adoption in their companies.

We believe that this edition of the conference, like previous editions will foster the growing Clojure community in Asia.

(year 2024)

This is the 5th edition of the conference that includes a two-track workshop on Clojure on **22<sup>nd</sup> of March** and a single-track presentation conference on the **23<sup>rd</sup> of March** in Bengaluru, Karnataka.

We expect to have between 120 to 150 attendees from India and abroad, with a mix of experienced Clojure programmers and enthusiasts.
