(((((((IN/Clojure)))))))

14 &15 Feb 2020, Pune

about us

IN/Clojure is India's annual Clojure conference. Asia's first.

Over the years, the conference has served as a platform to kickstart a series of Clojure workshops and meet-ups across the country. It has helped attendees make a strong case for Clojure, and ClojureScript adoption in their companies.

We believe that this edition of the conference, like previous editions will foster the growing Clojure community in Asia.

year 2020

This is the 4th edition of the conference that includes a two-track workshop on Clojure on the 14th and a single-track presentation conference on the 15th of February 2020 in Pune, Maharashtra.

We expect to have between 120 to 150 attendees from India and abroad, with a mix of experienced Clojure programmers and enthusiasts.

We're excited to be partnering with HasGeek this year!

you
(the sponsor)

It's not just to be seen, but to be seen at the right place and with the right people, isn't it?

To keep the ticket prices low and the standards high, we need sponsors. Help us make this an ambitious, enjoyable, enlightening and yet affordable conference by picking one of the six sponsorship tiers.
